

Testimonials for Lice Ice™

“I had contacted you about Lice Ice and was grateful you have given me some other options to purchase this wonderful product. This is the only product I have found that actually works, and I do inform others about it. I swear by it.”

Parent

Cedar Falls, IA

“It has been a week, and my daughter remains lice free. I greatly appreciate all your help and have recommended your product to anyone who even whispers the word lice.

Parent

Austin, TX

“We successfully used your product several years ago and I referred a friend to the other night. Just talking about it made me feel like re-stocking my supply. I still spray my children’s brushes everyday before brushing with the mixture, just in case.”

Parent

Atlanta, GA

“I will definitely use Lice Ice again! We had tried everything! And Lice Ice finally worked after just one application! Thank you for your trust. The product arrived in a timely manner, which was great because we couldn’t wait!”

Parent

Mechanicsville, NY

“Customers come back to tell us how great their experience was with Lice Ice™.”

Pharmacist

York, SC

“Our parents really like the Lice Ice. It is very effective.”

School Nurse

Austin, TX

“I have found that this product works when nothing else will.”

School Nurse

Kingsland, GA

“We had several chronic cases who never seemed to get rid of the problem with other treatments. With one treatment of Lice Ice, the students were back in school and have stayed free of lice! A “dream come true” for school nurses!”

School Nurse

Kerrville, TX

“Thank you so much for the Lice Ice. It arrived at such an opportune time as one of our staff members was about at her wits end trying to treat her children for head lice and of course to no avail as nothing seems to work these days. I gave her the Lice Ice and so far...no more critters! It has been almost two weeks. I am VERY anxious to find a source for purchasing the product so I can refer parents to it. Thank you for any help you can give me.”

School Nurse

Indianola, IA

“I have a daycare in my home - this keeps us from falling prey to insects from 3 schools and 6 other homes. Even the children like the product”

Daycare provider
